

SCHOOL SECURITY CONFERENCE

February 26, 2020

9:30 am—2:00 pm CT

Capital Federal Conference Center in
the Regnier Center at JCCC

11190 Quivira Rd, Overland Park, KS
66210

Today's school safety and security challenges are multifaceted and complex. There is no single action that will, by itself, make our schools safe. Protecting students and staff is a tremendous moral and legal responsibility that requires a comprehensive approach to these challenges.

Allegion is hosting a school security summit featuring Mark Williams, Vice Chair of The Partner Alliance for Safer Schools (PASS), who will discuss the PASS guidelines and assessment/ checklist tool and how to apply them to fit the needs of your district.

PASS has a singular focus: to provide school administrators, school boards and public safety and security professionals with guidelines and tools for implementing an effective and appropriate approach to enhancing the safety and security of their school environments through a layered and tiered approach.

[Register for the conference](#)

You will learn:

- Layered/ tiered security
- How to assess your current state
